

**Day 4- Thursday, 29 November 2007-11-12
Parallel Sessions- Session 4D 1.30pm-3.30pm**

Chair: Marcos Mendiburu

Organisation: World Bank Institute

Presentation Title: Mapping the Research and funding agenda for FOI

This session will discuss the research on freedom of information conducted by Information Commissioners, Ombudsmen, governments, academics and civil society, as well research and projects funded or commissioned by donor organisations.

It will also look at what each intends to carry out in the future and what they have identified as areas where more research is needed.

The session will not attempt to prioritise research projects. It aims to bring out into the open, for collation and discussion, what the emerging issues and possible future directions are.
